

At Tamayoshi Fine Art Research Lab - a prep school for students who want to apply for Art Schools - Haru, a student preparing to retake the entrance exam, was hit on by his roommate Natou. Natou is a genius painter who is good at nothing but painting. While looking after Natou, Haru helped him out of a difficult situation. Natou's feelings for Haru became even stronger. During exam-prep time, Haru was under a lot of stress and turned Natou's feelings down. May Natou's relentless and unchanging feelings reach Haru's heart no matter how many times Natou gets rejected? Art School prep students' sentimental summer days - the latest extended part of "One March day, I found a bear" - Haru Natou series has been released!

Summary

Crossroad Fan Art Research Lab - a prep school for students who want to work for the school. To attract Haruto Okura was hit on by his roommate. Meanwhile Natsu Okura, Haru seemed to be surrounded by a mountain of trouble when he gets closer to Haruto, who does not seem to be able to control himself and just keeps on dreaming a perfect character "Shogun", and when he is forced by Natsu's suggestive behavior - who tried to be Natsu's father. At the same time, rumors about Natsu's previous father who committed suicide spread out and he can't put anymore. In response to Haru's encouragement, Natsu embraced Haru and told him his deepest feelings "I've been scared by you for the second time". Nevertheless Haru did not understand what that was about. The sun has now been back to normal after all the trouble caused by rumors, but the twisted eyes that Natsu has for Haru stirred up feelings within Haru...
